River Rat '88
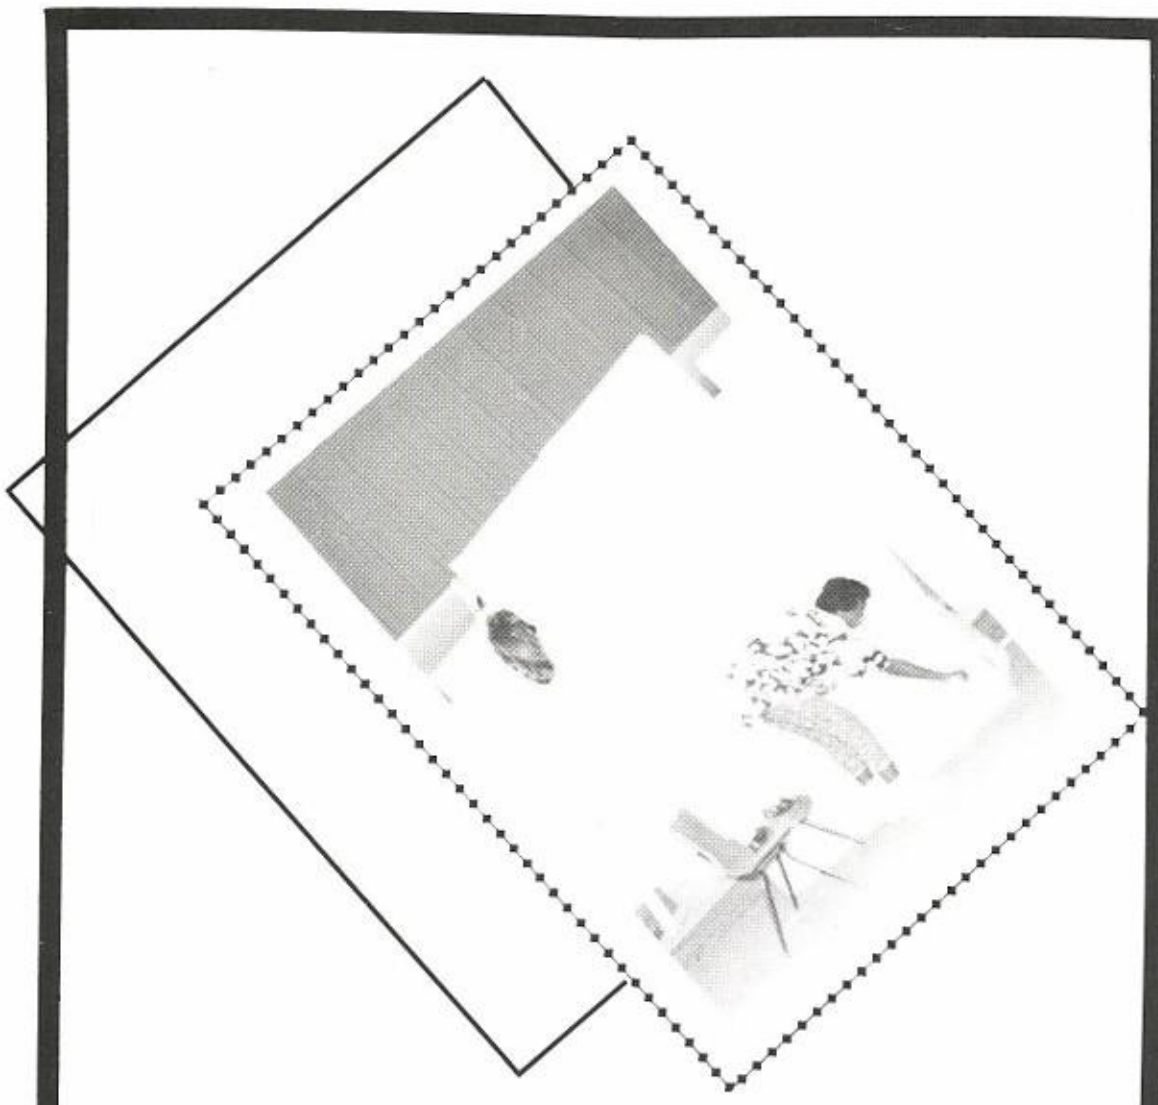
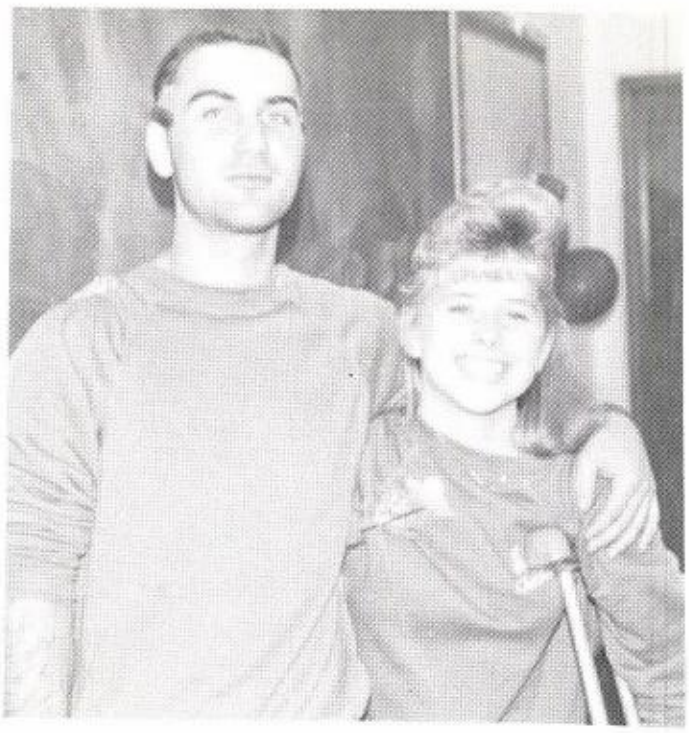
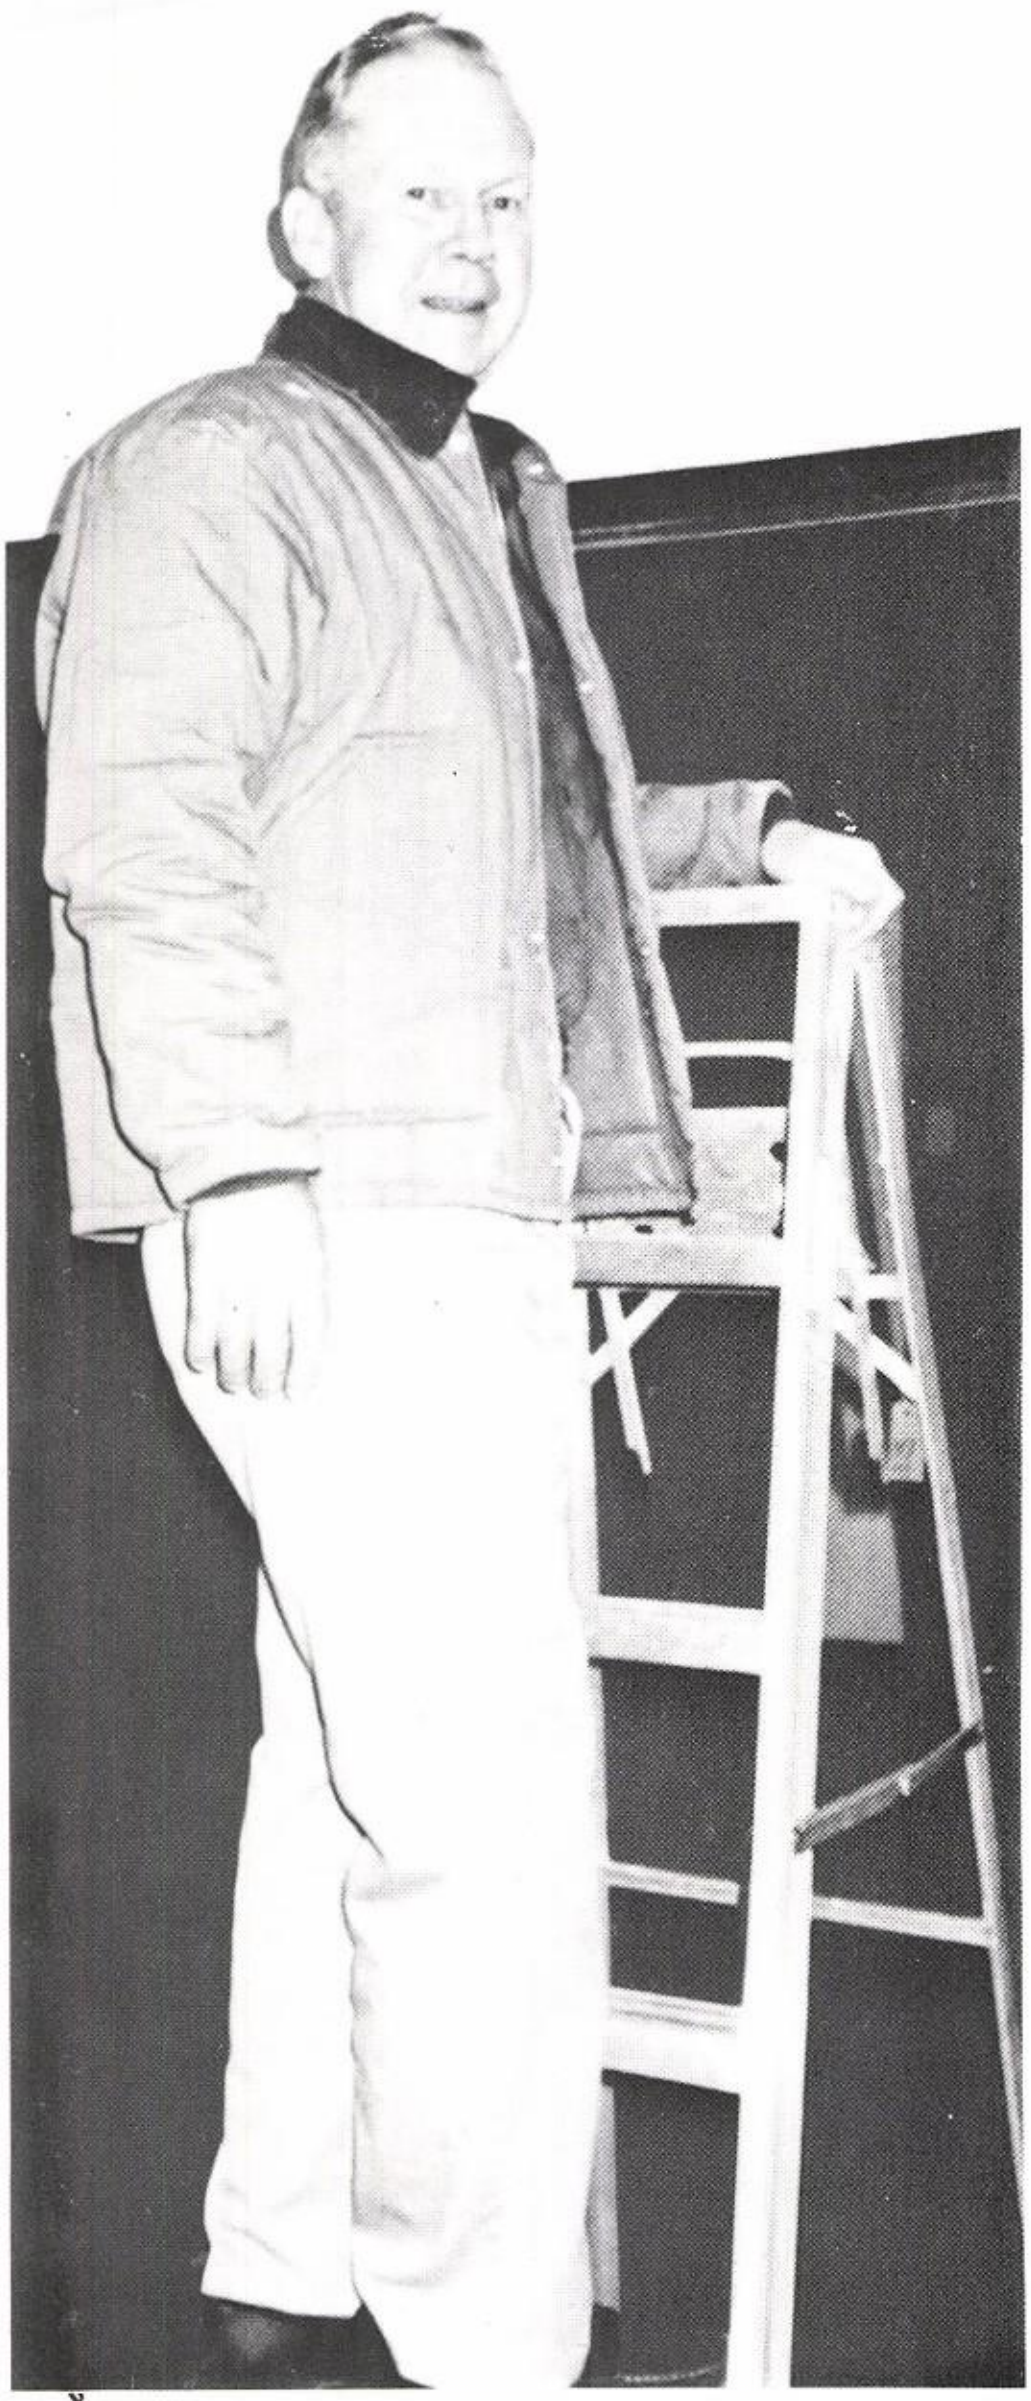
Arkansas City, AR
Student Population 151



We began the year looking forward to friends, experiences, and knowledge. We wanted it to be a good year to remember. It was. When it was over, we had met the challenges coming our way with all the enthusiasm we could muster. There was no doubt about it — it was a year that was ***better than ever.***





Mr. Albert Priddy

The 1988 River Rat is dedicated to Mr. Albert Priddy, who maintains our facilities with utmost care and superb workmanship.

We anxiously opened the doors to see familiar and friendly faces...discussed current events and gossip with friends over lunch...bought carnations to give to others...tied birthday balloons on friends' lockers...did our best to win in basketball competition...played in the snow...had our immunization shots...watched our friends perform in school plays...tried hard to win the spirit stick for our class in pep rallies...performed in our school's first band concert...danced with that special someone at the prom...went to Panama City on spring break...remembered to take the diploma with our left hand and shake with our right.

We shared a tender moment...said what was in our heart...smiled secretly across the room...said "thank you"...gained new friendships and improved on old ones...forgave a lie...helped each other study for tests...lived from weekend to weekend...filed outside for fire drills...shared fantasies and fears...did a favor and felt good about it afterward...received and sent notes...shared our feelings in meaningful conversations...encouraged each other.

Aim for a star! Never be satisfied
With a life that is less than the best.
Failure lies only in not having tried
In keeping the soul suppressed.

Aim for a star! Look up and away
And follow its beckoning beam.
Make each tomorrow a better today
And don't be afraid to dream.

Aim for a star, and keep your sights high!
With a heart full of faith within,
Your feet on the ground and your eyes on the sky--
Some day you are bound to win!

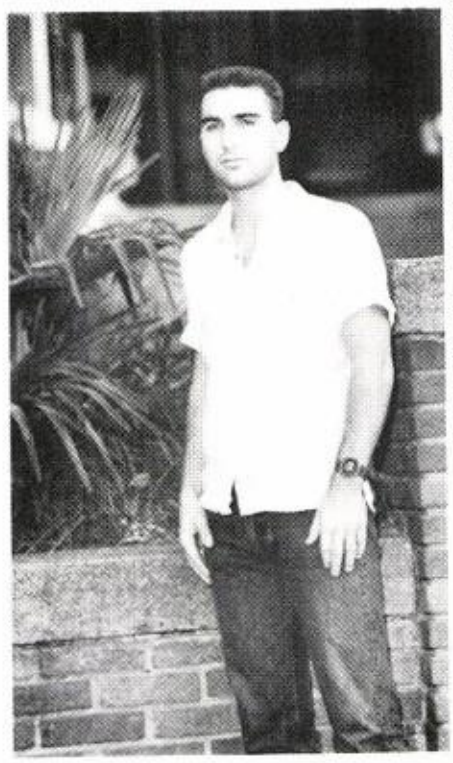
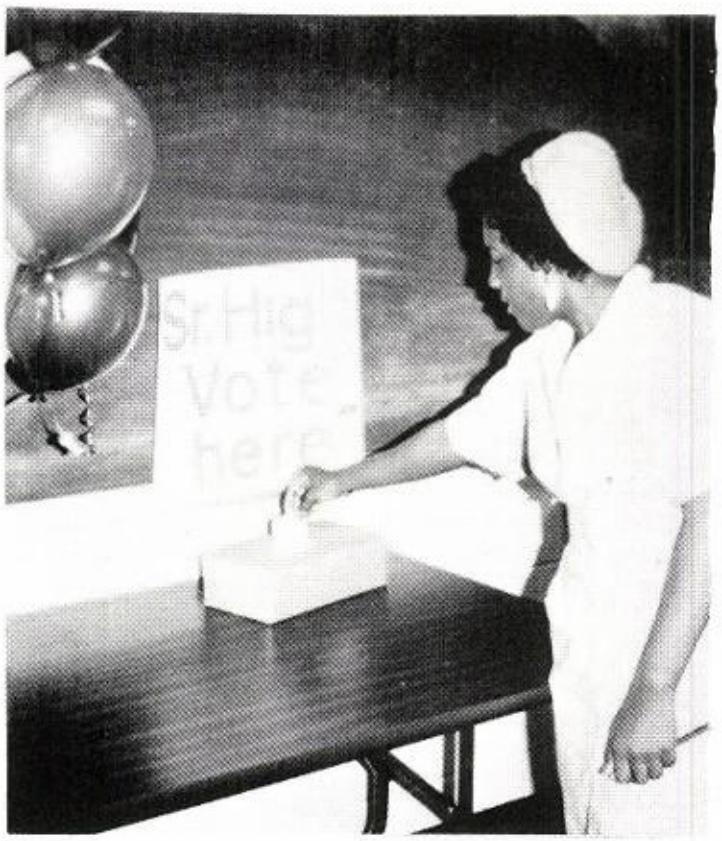
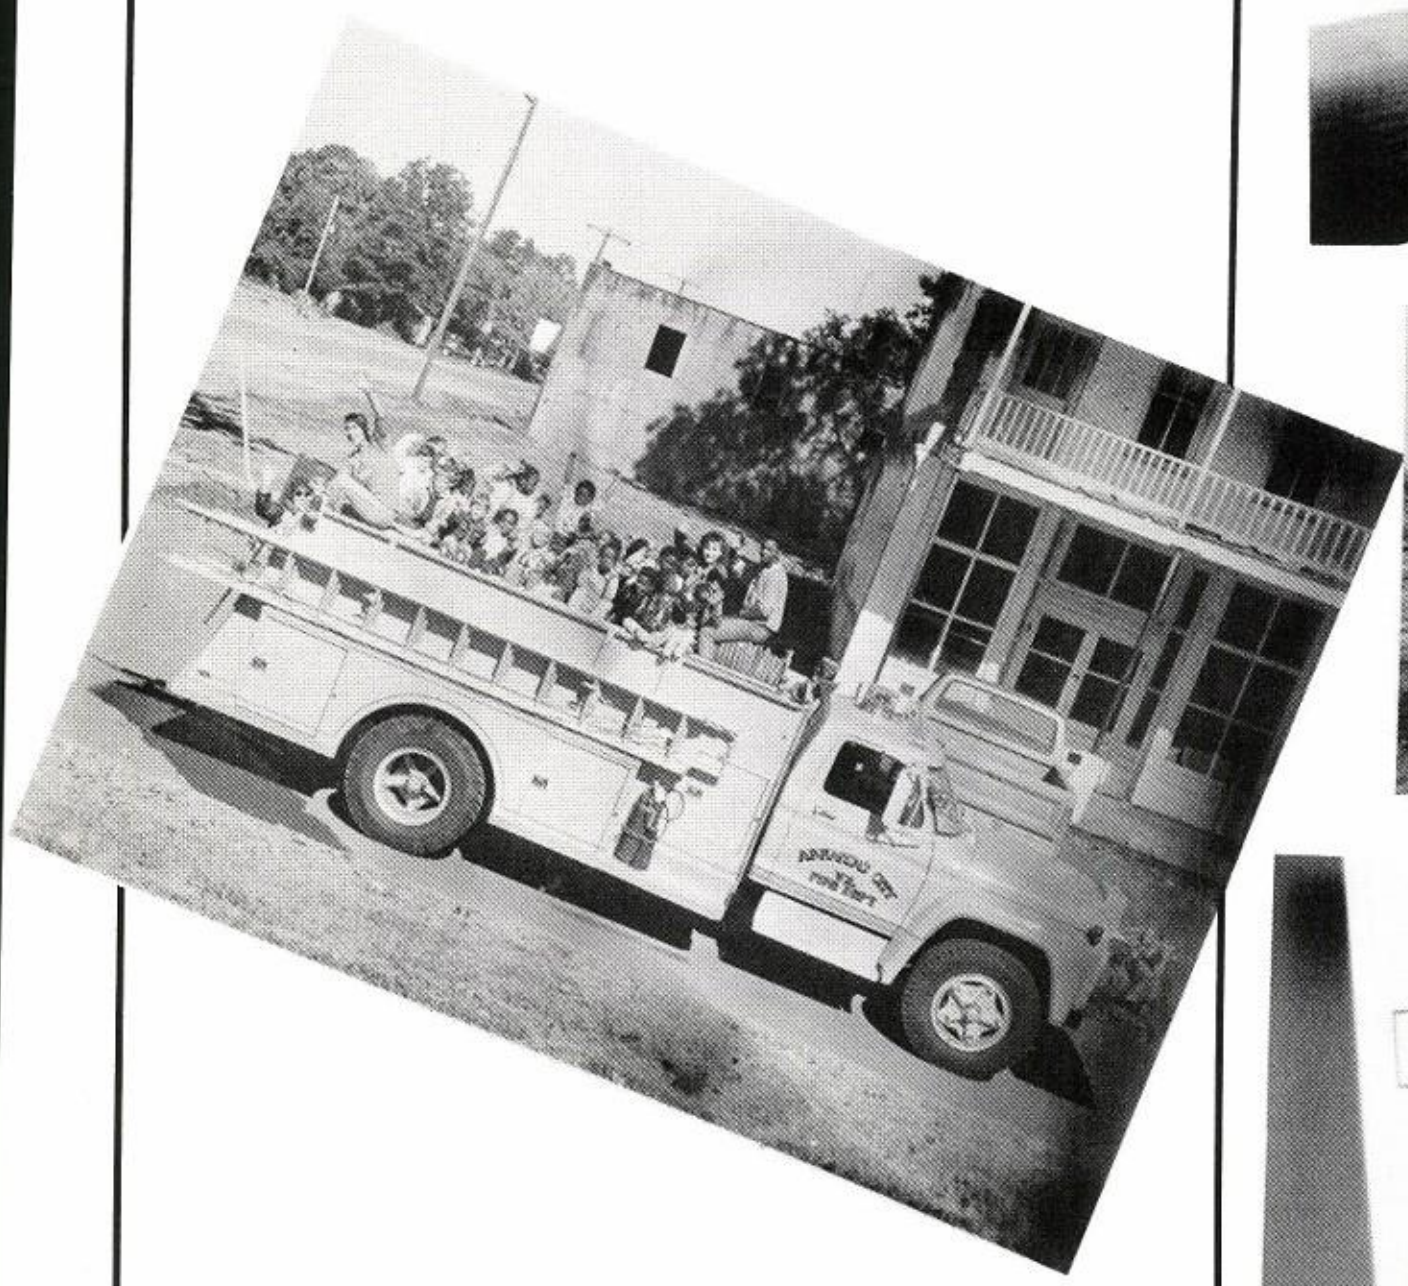
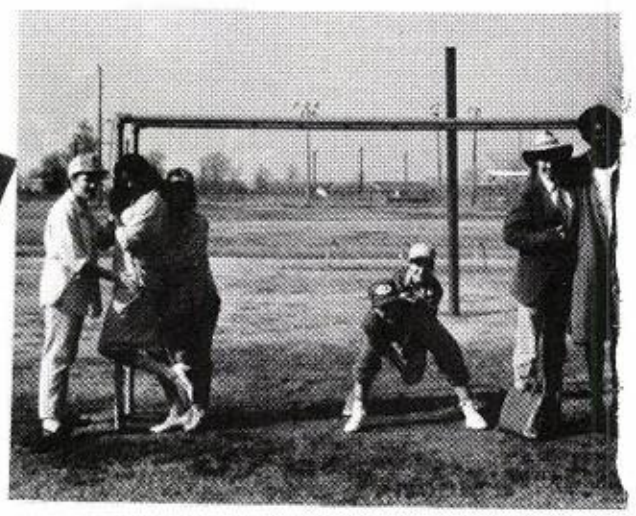
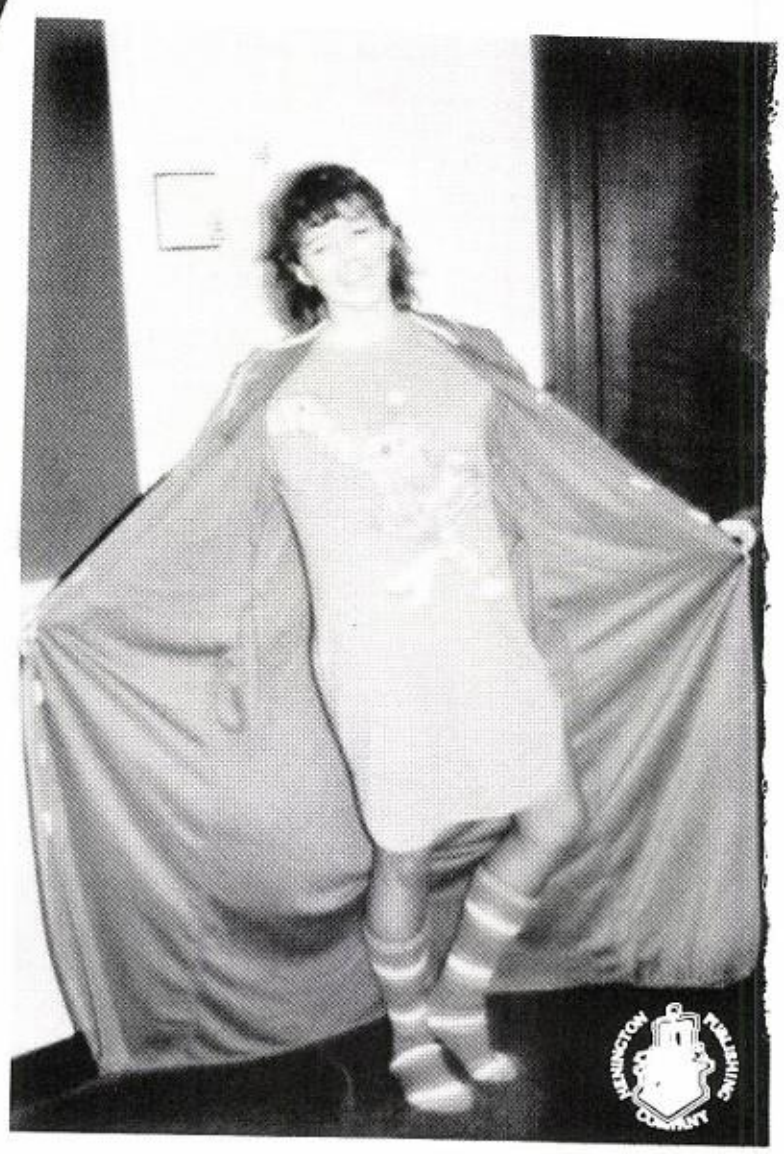
and Laura Lee



In the classroom we moved into new areas and advanced in old ones. On the basketball court we matured through the thrill of victory and the agony of defeat. In the halls, cafeteria, and other gathering places, we gained a respect for others as individuals.








As graduation and other end of school activities arrived, so did the memories. We had wanted it to be a year to remember, and we could easily see it was. We remembered our successes in sports and academics. We recalled the good times at special events with our friends. We could say without question that it was ***better than ever.***
